

THE SAFETY OF ALL AEROLINK PASSENGERS IS OUR PRIME CONSIDERATION

1 ONLINE CHECK-IN

Online Check in is now available and opens 24 hours prior to your departure time closing one hour before take off time. Our check-in desks will then open to facilitate document verification and issue baggage tags. Check-in counters will close 30 minutes to departure time.

2 ALWAYS WEAR A FACE MASK

Wearing a face mask (medical or non-medical) is mandatory for all passengers and crew while at the airport when on board throughout the flight. Children under the age of 2 years are not subject to this requirement. Remember to carry an extra mask for your convenience.

3 SANITIZATION

Automated hand-sanitizer dispensers are available at all high-traffic and high-touch locations at the airport terminal. Our crew also provide hand sanitizers before you board. Seating onboard is organized so as to limit movement during pick-up and drop-off points.

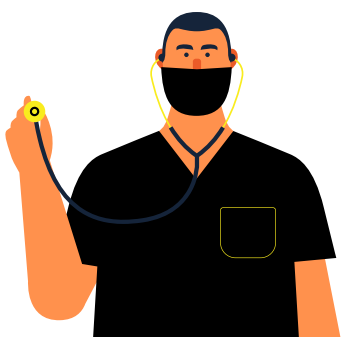

4 AIRCRAFT CLEANING

There is continuous cleaning and disinfection for all our aircraft before and after every flight.

5 PORT HEALTH

Passengers on domestic flights are **not** required to show a PCR medical test certificate. It is however mandatory for all **international passengers** to have an authentic **negative PCR test certificate** issued **72 hours** from the collection of the sample to the date of arrival or departure in Uganda.

6 TESTING CENTER AT EIA

Kazuri Medical Center is located outside the arrivals terminal. PCR medical results are processed within approximately 24hrs to 48hrs. Contact your travel agent for arrangements or details of alternative test centers.
