

YOUR SAFETY IS EVERYTHING

Fly with a difference

1 ONLINE CHECK-IN

Online Check in is now available and is open 24 hours prior to your departure time and closes 1 hour before take off time, at this time, our check in desks will be open to facilitate document verification and issue baggage tags. Check in counters will close 30 minutes to departure time.

2 ALWAYS WEAR A FACE MASK

Wearing a face mask (medical or non medical) shall be mandatory to all passengers and crew while at the airport and when on board throughout the entire flight. Children under the age of 2 years shall not be subject to this requirement. Remember to carry an extra piece for your comfort.

3 SANITIZATION

Automated Hand sanitizer dispensers have been added near high-traffic and high-touch locations throughout the Airport Terminal.

Our crew will provide hand sanitizers before you board. Seating will be done from front to back depending on the number of stops and to limit movements during pick up and drop offs.

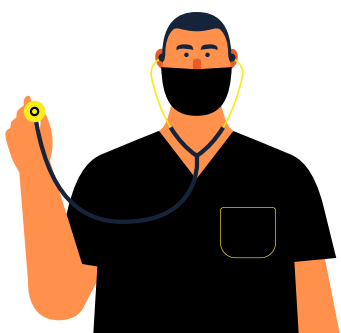

4 AIRCRAFT CLEANING

There is continuous cleaning and disinfection for all our aircrafts before and after every flight.

5 PORT HEALTH

All passengers on domestic flights will **not** be required to show the PCR medical test certificate. It is however mandatory for all international passengers to have an authentic **negative PCR test certificate issued 120 hours from the collection of the sample to the date of arrival or departure in Uganda.**

6 TESTING CENTER AT EIA

Testing Centre at Entebbe International Airport (EIA) is available at Kazuri Medical Centre located outside the arrival terminal. PCR medical results are processed within approximately 24hrs to 48hrs. Contact your travel agent for arrangements or other alternative test centres.
